

RAJAT YADAV

Frontend Developer (React.js / Next.js)

Greater Noida, India | +91-9837837902 | rajaty2930@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#)

SUMMARY

Frontend Developer with hands-on experience building responsive, production-grade web apps using React.js, Next.js, and TypeScript. Shipped a full-stack SaaS product (AI Spend Audit) with authentication, billing, and AI-integrated features, and delivered client-facing e-commerce and CRM interfaces during a Software Engineer internship. Comfortable owning features end-to-end, from UI implementation to deployment.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Redux, Tailwind CSS, Responsive & Component-Driven Design

Backend & Data: Node.js, Express.js, REST APIs, PostgreSQL, Prisma ORM, NextAuth

Tools & Practices: Git/GitHub, Vercel, Stripe API, Agile Methodologies, Unit Testing

WORK EXPERIENCE

Software Engineer Intern — SDLC Corp

Aug 2025 – Present

- Built responsive, interactive UIs for e-commerce and CRM client projects using React.js and Tailwind CSS, translating designs into reusable components.
- Integrated REST APIs and implemented authentication flows and state management across multiple feature modules using shared hooks/components.
- Collaborated in an Agile workflow (sprint planning, code review) with a cross-functional team to ship features on a regular release cycle.
- Owned Vercel deployments for client builds, maintaining reliable, on-time releases.

Business Analyst Intern — Customer Churn Prediction — Stanza Living

2025

- Analyzed supply-demand data using Excel and SQL to support KPI tracking and improve reporting accuracy for the operations team.
- Built dashboards and visualizations to surface churn trends, supporting stakeholder decision-making.

PROJECTS

AI Spend Audit — Full-Stack SaaS Platform | [Next.js](#), [TypeScript](#), [PostgreSQL](#), [Prisma](#), [Stripe](#), [OpenAI API](#)

- Built a full-stack SaaS app that audits and optimizes AI tool spending, with role-based access control for team accounts.
- Implemented NextAuth authentication and Stripe subscription billing to support multi-tier pricing plans.
- Integrated the OpenAI API to generate automated spend-analysis insights and exportable PDF reports.

Mall of America — Interactive Sales Presentation | [Next.js](#), [TypeScript](#), [Framer Motion](#), [GSAP](#), [Lenis](#)

- Built a cinematic, single-page app for retail/sponsor pitches using a modular, reusable component architecture.
- Implemented scroll-based animations and transitions across 5 responsive, mobile-first sections.

NectorNest — E-Commerce Platform | [React.js](#), [JavaScript](#), [Tailwind CSS](#)

- Developed a fully responsive e-commerce storefront with a reusable component library to speed up page development.
- Deployed on Vercel with SEO best practices, managing the project end-to-end from build to release.

EDUCATION

MBA / PGDM — Business Strategy

Galgotias University, Greater Noida | CGPA: 7.4/10
