EXPERIENCE

SDLC Corp

Full Stack Developer

January 2025 – Present

Noida

- Developed responsive, production-ready **e-commerce** and **CRM** applications using **React.js, Next.js, TypeScript**, and **Tailwind CSS**, converting Figma designs into reusable, mobile-first interfaces.
- Designed and developed **15+ reusable components** including data tables, forms, modals, filters, and dashboard widgets, reducing new-page development time by approximately **30%**.
- Integrated **20+ REST API endpoints** with centralized error handling, validation, loading states, pagination, client-side caching, and reusable API integration patterns.
- Implemented **authentication, protected routes, RBAC**, and application state management using **Redux Toolkit**, **Context API**, and custom hooks across client-facing applications.
- Improved application performance using **code splitting, lazy loading, image optimization, and memoization**; followed **Git/GitHub, Agile/Scrum, code review, testing, CI/CD**, and **Vercel** deployment workflows.

Stanza Living
